Raúl Benítez Millet

Game & Backend Programmer

rbenitezmillet@gmail.com | +34 662 03 95 84 | Valencia, Spain (Relocation Available) | Web Portfolio | LinkedIn | GitHub | Itch.io

Summary

Game Programmer with a Bachelor's Degree in Video Game Design & Development and a Master's Degree in progress. Proficient in C#, Unity, gameplay systems, and procedural generation algorithms. Highly adaptable developer capable of implementing custom mechanics and feature requests based on project requirements. Experienced in bug fixing, technical optimization, and backend integration (Node.js, WebSockets, REST APIs) with a strong background in rapid prototyping through Game Jams.

Skills

Game Development

C#, Unity, C++, Gameplay Systems, Procedural Content Generation, Physics, UI Programming, Debugging & Bug Fixing

Backend & Networking

Node.js, WebSockets, REST APIs, TypeScript, MySQL, PostgreSQL, Docker

Tools & Infrastructure

Git, GitHub, Linux VPS Administration

Projects

Procedural Level Generation (Bachelor's Thesis) Unity, C# 2025

- Researched and developed deterministic seed-based algorithms for randomized level and maze generation.
- Implemented efficient data structures and spatial layout rules to ensure balanced and reproducible gameplay maps.

Party Drinker & Trick or Treat: Kill Your Beat Unity, C# 2024 - 2026

- Developed fully functional game jam prototypes within 48-hour timeframes for the UJI Game Jam (2024 & 2026)
- Implemented player controls, arcade game loops, collision detection, and audio/visual event triggers.

Full portfolio & playable demos available at:

Web Portfolio

Experience

Universitat Jaume I

Game Developer Intern

- Conducted extensive bug fixing and polishing on an ongoing game project, improving runtime stability.
- Completed remaining feature requirements to deliver a finalized build.

Education

Master's Degree in Video Game Design and Programming Universitat Oberta de Catalunya 2025 - Present

Bachelor's Degree in Video Game Design and Development Universitat Jaume I 2021 - 2025

Higher Technician in Web Application Development (DAW) IES Maria Enriquez 2019 - 2021
